

Ladder Racks

Ladder Racks

Constructed of polished gold anodized aluminum tubing and wood-grain finished shelves, the XL Ladder Rack enhances the beauty of any display.

Flexibility is a key feature of this rack. Shelves are available in 12" regular size or 18" large size, and may be hung on any rung of the ladder, allowing a display to be arranged in a variety of ways. Several rack sizes are available, each consisting of three regular shelves and one extension. Optional carrying cases are available for protection during storage and transportation.

<u>Product #</u>	<u>Description</u>	<u>Individual Products</u>

Register Stands/Lecterns

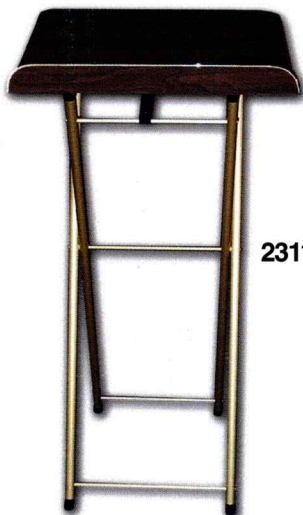

Register Stands/Lectern

Sturdy and attractive, these popular stands are constructed with gold anodized aluminum tubes. The tops are $\frac{3}{4}$ " walnut wood grained melamine. They are lightweight, easy to carry, and elegant in their design. Each top has a vinyl edging for durability, while the folding stand features a gold trim along the base for added charm.

Whether utilized inside or out, the portability of these stands provide a convenient way to bring elegance to any occasion. Each stand can be purchased by itself, or with a Heavy Duty Canvas Case for ease of transportation and set-up.

"D" Basket Stands

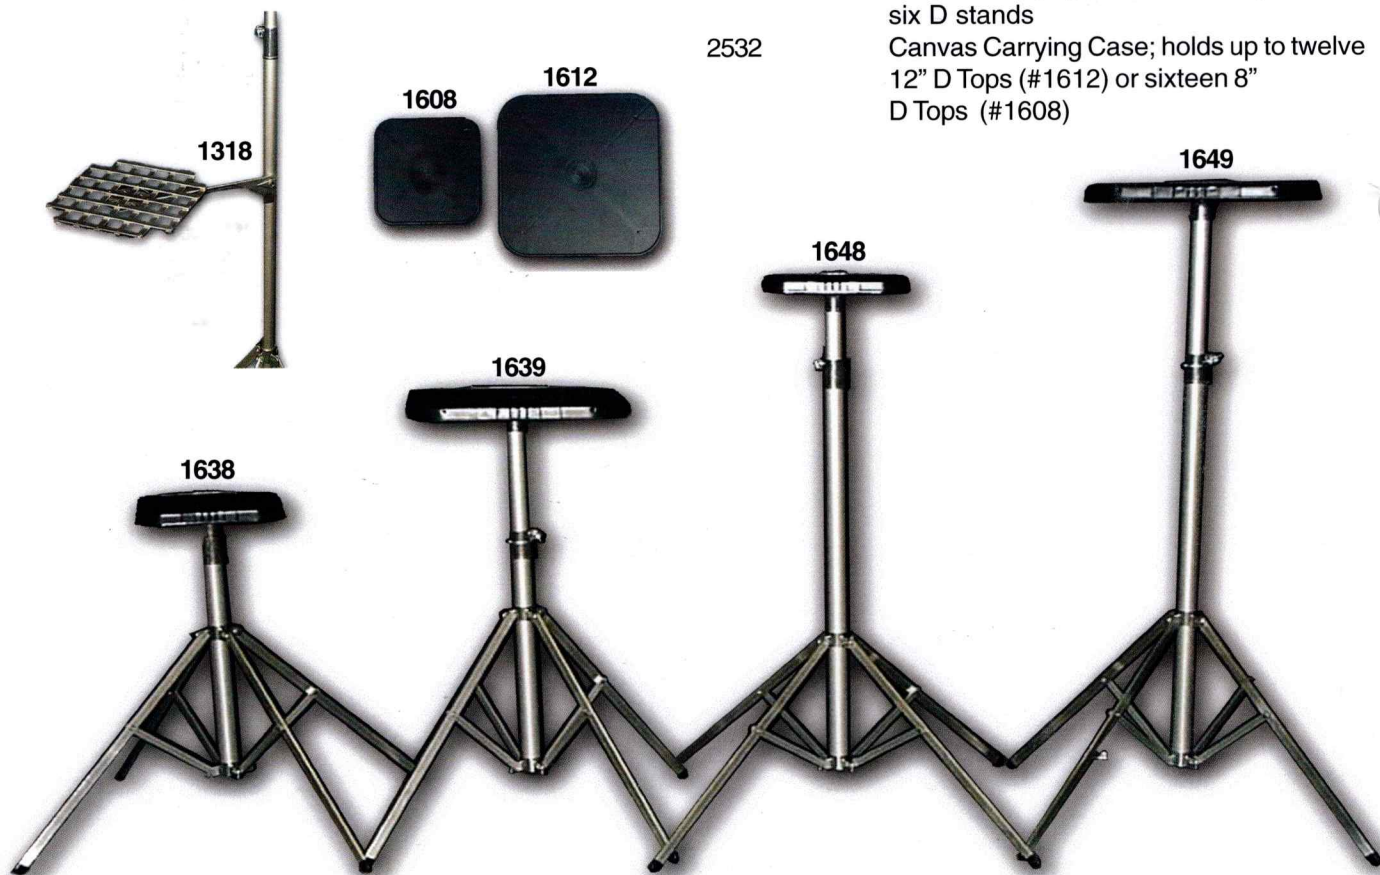

"D" Basket Stands

These stands are adjustable, strong and reliable yet lightweight. They can hold a vase, speaker or any small object up to 70 pounds. The O-1 attachments (#1318) will lock on to the outside tube of any "D" series stand at any height or direction. This allows additional pieces to be displayed to create any variety of display settings – in corners, along walls or independently in the center of the room.

<u>Product #</u>	<u>Description</u>	<u>Sets</u>	
1638	D-3 Stand with 8" Top; height adjusts from 24" to 38"	1666	D-66 Set; includes three D-3 (#1638) and three D-4 (#1648) with 8" Tops

2532	Canvas Carrying Case; holds up to twelve 12" D Tops (#1612) or sixteen 8" D Tops (#1608)

"O" Basket Stands

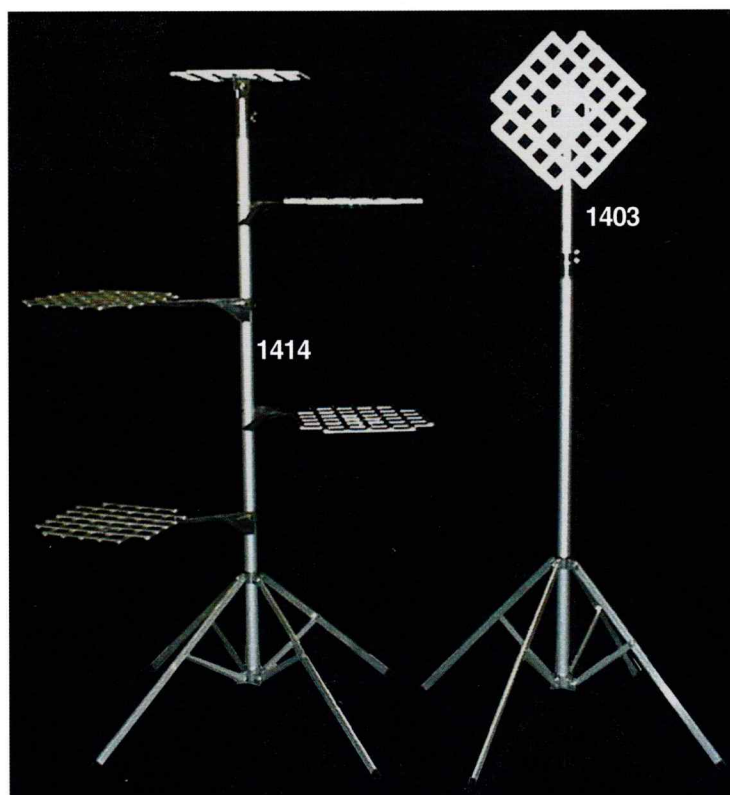

"O" Basket Stands

Portable, elegant and versatile, these stands allow the display of four or more baskets or other items when used with the O-1 Attachment (#1318). The sturdy four-legged design provides strength and stability, all within two square feet of floor space. The top will lock flat for placement of items or can be rotated vertically to hang items. Closing for storage is quick and easy.

"G" Combo Stands

"G" Combo Stands

XL Industries "G" Style Stands give you flexibility, style, function and strength. Available in three basic sizes, these stands will adjust in height to fit any surroundings in any configuration! The head of each stand will tilt vertically to hold foam blocks, floral sprays, wreaths or anything that can be hung.

The steel points drop out when the head is in a vertical position, and then retract when the head is positioned horizontally for placement of vases, baskets, or any display item. The tripod leg design provides amazing balance and stability.

<u>Product #</u>	<u>Description</u>	<u>Sets</u>

"A" Display Racks

"A" Display Racks

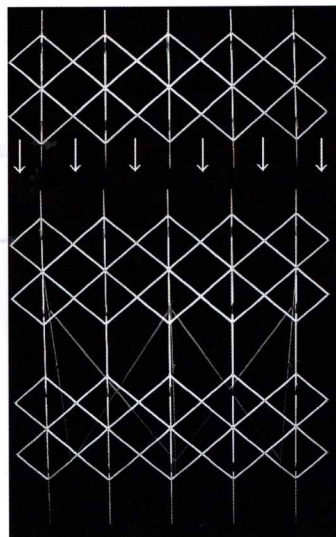

Functional and strong, our "A" series Racks are made from durable anodized aluminum bars. These stands are easy to store and ready to transport to churches, parties, trade shows, cemeteries, or anywhere a large display is needed. Combine the base rack with the available extension to add 30" of height to your Rack, and create a truly impressive exhibit. Retractable hooks drop out when open, and disappear when Stands are folded for easy storage.

Wall Channels

Wall Channels

The XL Industries Wall Channel is made of sturdy anodized aluminum and is available in either a gold or black finish. There are six shelf pins for locating the Wall Channel Shelf or the Decorative Brass Trimmed Shelf. These shelves have a walnut wood-grained finish and can comfortably hold up to ten pounds each. Also built into the Wall Channel are three spring-mounted hooks that will lock in a closed position when not in use.

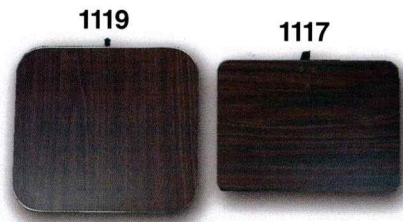

The versatile Wall Channel may be mounted either flush against the wall or may be built into the wall between wall panels. This provides the user with an attractive, flexible system for displaying flowers, urns, vases, baskets or other merchandise. The Wall Channel system offers the user an attractive, flexible and functional display area that will highlight the value of the items placed on it.

Gold Basket Stands

Gold Basket Stands

XL Industries Gold Basket Stands are sturdy, functional, and add just the right touch to any display. These stands are made with a gold anodized finish and are constructed with durable aluminum tubing. Non-adjustable, they have a time-proven and lasting tripod leg design. Vinyl feet on the legs give firm footing while protecting floors and carpets. The stands come with either an 8" or a 12" black "D" style top, which are completely interchangeable with the "D" Basket Stand.

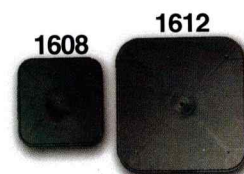

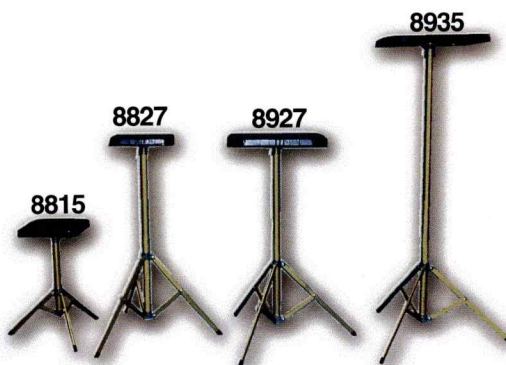

A convenient storage rack is available which requires less than 15 square inches of floor space. No more broken welds or tangled legs! No need to un-stack and re-stack, as each stand is individually accessible. Purchase separately or in sets.

Portable Urn Stand Set

Portable Urn Stand Set

This attractive set for use at cremation memorials provides the user with a portable, elegant display system. The stand is an adaptation of the XL Ladder Rack, featuring bright gold anodized aluminum tubing. The urn shelf is heavy duty & wood-grain finished, and can be attached to a variety of rung heights. It has a brass finish on the edge to match the bright gold finish of the stand.

The floral rack, which easily inserts into the top of the stand, is constructed of gold anodized bars. It has steel points for mounting flower arrangements, which fold and lock out of sight when not in use. A portrait mounting set is included, made of polished brass knobs permitting a portrait display integral to the urn display. Individual pieces of the Portable Urn Set may be purchased separately.

Pole Rack

Pole Rack

Designed for strength and ease of use, the XL Industries Pole Rack has an internal spring mechanism which, when pulled down, will compress to allow the user to easily set in place between the floor and the ceiling. Padded end pieces protect the floor and ceiling from abrasions.

Just set the stand and locate O-1 attachments (#1318) at any height or angle on the pole to create any imaginable arrangement of flowers or other items. The high-strength steel tubing is coated with a green vinyl – it won't detract from the desired arrangement, but it will hold many times its own weight.

Note: Pole Racks are custom made to your exact ceiling height. Exact ceiling height must be provided when ordering.

Casket Racks

Casket Racks

The **"B" Combo Pedestal Rack** is the ultimate in versatile stands! The Rack may be used in a variety of configurations, from behind the casket to hold floral sprays to a stand alone display unit. Utilize the expandable top with retractable hooks for sprays of flowers in either a horizontal or vertical position. The stand itself can support the O-1 attachments, thereby providing a space for floral baskets or other personal items.

Product

1203

Canvas Carrying Case; holds one "B" Rack and Extension

1318

O-1 Attachment (18")

The popular **"J" Casket Rack** (#1125) is constructed of lightweight aluminum with eight 1-inch prongs protruding from the topside to hold floral sprays securely. Sponge pads hold the saddle firmly in place at all times, and protects the casket finish from damage. Will fit any casket. Opens up to 14 1/2" wide and 20" in length. Then folds down to a mere 2" x 25" for storage.

Crucifix Stand

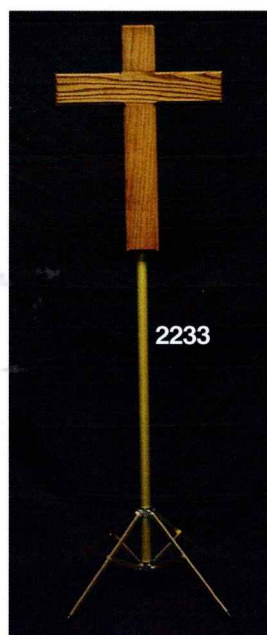

Crucifix Stand

The XL Industries Crucifix Stand is designed to hold the majority of the crucifixes on the market today. It is made of gold anodized aluminum tubing with four gold anodized legs for maximum stability. An angle bracket provides three screw holes to secure the crucifix to the stand.

Crucifix: These two styles of crucifixes are simple in their design and provide an elegant touch to any ceremony. The first style is made from oak and comes in three shades; a light or natural stain, a medium oak stain, or a dark walnut stain. The second style is made of pine and coated in a traditional white. All crucifixes are covered with a clear polyurethane finish for added durability.

Please note: When purchasing an individual crucifix, no hardware will be attached unless specifically requested.

Crucifix Sets: Each set comes with one adjustable stand and a crucifix. The crucifix has affixed to it an angle bracket and a short rod, which will set down into the top of the stand. This makes for ease of set-up, transport and storage.
